

Instructions for Assembling Scrapbasket BOM Wall Hanging

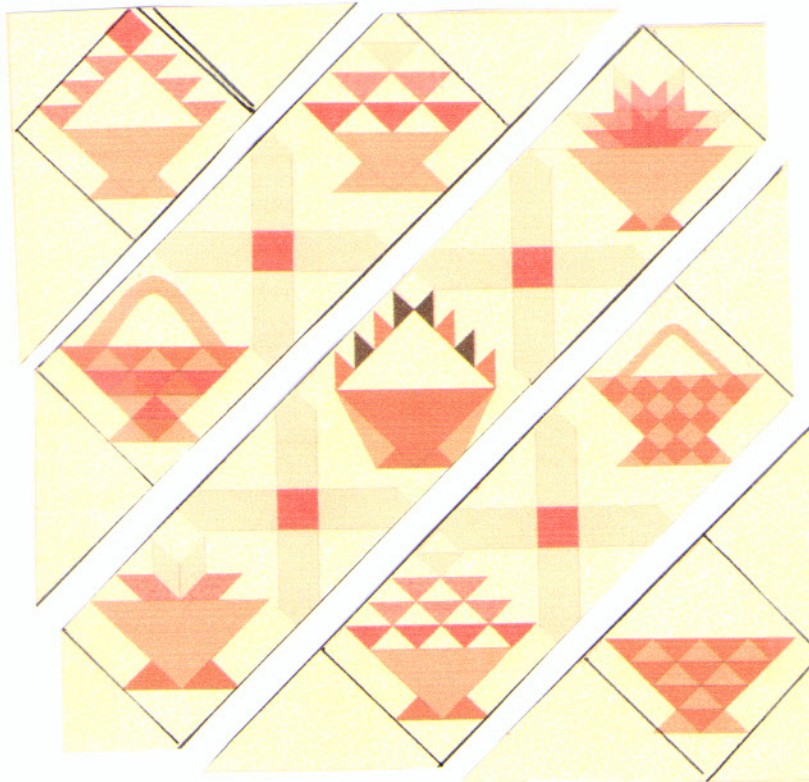

Cutting Instructions:

From Background Fabric cut your Setting Triangles:

- Cut two (2) 8" squares, then cut them once diagonally 
 - This will make the four small triangles for corners of top before borders.
- Cut two (2) 15" squares, then cut them twice diagonally 
 - This creates 8 quarter square triangles

Assembling:

- Assemble first in rows as shown, then sew five rows together before adding borders. Before borders, mine measured 39" square.

Add Borders using your favorite technique, sandwich, quilt and bind. Congratulations!
